What happens with the articles?

- Researchers find articles ... somehow
- save them ... somewhere
- annotate them ... in some way
- share them ... sometimes
- get back to them ... if they can find again
- eventually cite them ... and then often reformat the
Papers helps with all these steps...
Papers: Search, Read, Cite, Share

All papers at a glance
Papers lets users view, browse and search their libraries. Download new articles through searching repositories directly through Papers

Libraries on the go
The library of research to be taken on the road. Users can read, highlight, and take notes anywhere, anytime

File management made easy
Ease the pain of organising and naming files on hard drives with Papers’ automatic management

Papers Livfe
Share references with colleagues and peers, discover new papers and collaborate

Citations
A revolutionary new way to cite papers and format references. Write. Cite. Done.
